Why Castoria?

YEARS ago Castor Oil, Paregoric, Drops and Soothing Syrups were the remedies in common use for Infants and Children; Castor Oil so nauseating as to be almost impossible and the others all containing Opium in one form or another, but so disguised as to make them pleasant to the taste, yet really to stupify the child and give the appearance of relief from pain.

It required years of research to find a purely vegetable combination that would take the place of these disagreeable, unpleasant and vicious remedies that from habit had become almost universal. This was the inception of, and the reason for, the introduction of Fletcher's Castoria, and for over 30 years it has proven its worth, received the praise of Physicians everywhere and become a household word among mothers.

A remedy ESPECIALLY prepared for Infants and Children and no mother would think of giving to her baby a remedy that she would use for herself, without consulting a physician.

Children Cry For CASTORIA

Have You Tried It?

Everybody has read the above headline; how many believe it? Have you a little-one in the home, and has that dear little mite when its stomach was not just right felt the comforts that come with the use of Fletcher's Castoria? You have heard the cry of pain. Have you heard them cry for Fletcher's Castoria? Try it.

Just help baby out of its trouble tomorrow with a taste of Castoria. Watch the difference in the tone of the cry, the look in the eye, the wiggle in the tiny fingers. The transformation is completefrom pain to pleasure. Try it.

You'll find a wonderful lot of information about Baby in the booklet that is wrapped around every bottle of Fletcher's Castoria.

Wictory under samuel.

1 Samuel, 7.2-12.

Golden Text.—Direct your hearts unto Jehovah, and serve Him only.—I Samuel ,7.3.

By Rev. Hugh T. Stevenson.

During the twenty years that intervened between last week's lesson and the events of foday's study the hand of the Philistine had been heavy upon the Israelites. They believed that their army had been victorious over Jehovah so that following the defeat of Israel they therefore sought to remove every trace and evidence of His worship from Palestine, so that they and their children would be free forever from the dread of His power. They wrecked Shiloh and massacred the priests in the hope of completely lestroying the worship of Jehovah. They carried the ark, which they had captured in battle, triumphantly to Asadod, where they placed in in a subordinate place among the idols of their temple to their god, Dagon.

Jehovah proved to them that they were mistaken in thinking that they had defeated Him by a series of disasters that accompanied its presence unong the Philistines that after seven months they requested the Israelites to take it off their hands.

asters that accompanied its presence among the Philistines that after seven months they requested the Israelites to take it off their hands. The ark, that had been the symbol of Jehovah's presence among the Israelites, finally found a resting place in Kiriath-learing (Walty of Section 2). The same all to Jehovah the Lord accepted them and realised to their defense. He were Israelites to take it off their hands. The ark, that had been the symbol of Jehovah's presence among the Israelites, finally found a resting place in Kiriath-jearlm ("city of forests") that was about nine miles northwest of Jerusalem, where the house of the godly Abinadab was appointed to be the guardians of the sacred symbol, and his son. Eleazar, consecrated as its keeper. While the Philistines gave up the ark they did not restore Israel's liberties, which were obtained as our lesson points out, through a successful rebellion against Philistine under the leadership of Samuel.

There is silence concerning the work of Samuel during the twenty years that the ark of the Lord abode at Kiriath-jearim. He without doubt, went from place to place among the people, who had failed because of their sin, preaching and pointing out, as opportunity offered, the close connection between the moral and material things of life. He had no easy task, for the reclamation of the back-

at Kiriath-jearim. He without doubt went from place to place among the people, who had failed because of their sin, preaching and pointing out as opportunity offered, the close connection between the moral and material things of life. He had no easy task, for the reclamation of the back-slider is the most difficult work that the church has to perform. It took twenty years to make Israel sick of serving false gods and quit living in iniquity, idolatry and indifference. No reformation can be accomplished in a short period of time in a nation's life, if the results are to be permanent. During the days of his silent ministry Samuel never omitted an opportunity to promote a revival of religion in Israel as the results are for the principals' Association.

Mizpah and Shen, and called the name of it "Ebenezer." saying, "Hitherto hath Jehovah helped us." The stone hath Jehovah and Stone to promote a revival of religion in Israel, as the remedy for the suffering that they endured from their political bondage to the Philistines. When the people commenced to com-plain of their burdensome and un-bearable condition Samuel pointed out bearable condition Samuel pointed out the cause. They were discouraged because they were compelled to pay tribute to the Philistines for every bushel of wheat. They were not permitted to worship God in their own affairs. They wanted relief and deliverance from the Philistines. Samuel met their unrest, that resulted from their war with the Philistines. Samuel met their unrest, that resulted from their war with the Philistines, with the revival sermons, that demanded that they put away the worship of idols and return unto God with a consecrated purpose to worship Him Bishop F. J. Kinsman, who resigned idols and return unto God with a consecrated purpose to worship Him and a faith, that proved itself by service and expressed itself with thanksgiving and joy for the blessing of His peace and protection.
